

We proudly announce that as of March 1, 2025, First State Pediatrics is joining Advocare!

Advocare is an independent, physician-owned medical organization that delivers exceptional healthcare across various specialties.

Advocare was founded by a group of pediatric practices in 1998 and has grown ever since then in strength and scope. Advocare now includes pediatricians, family practice doctors, and multiple types of specialists.

The providers at Advocare have strong bonds with the families, adults, children, and communities they serve.

The providers and staff at First State Pediatrics are excited to join this wonderful group. Most importantly to us, our practice will remain intact. We will continue to dictate the philosophy and goals of our practice, and our present staff will remain in place to continue to provide the care that the families we are passionate about serving have come to expect.

All of us at First State Pediatrics continue to feel tremendously privileged by the trust you have afforded us by giving us the honor of helping to care for your family.

We strive to provide the highest quality healthcare possible, built on relationships that we embrace and value.

Partnering with other high-quality, independent practices in the region, will permit Advocare First State Pediatrics to continue to promote the physical and emotional health of the children and families to whom we are committed.
